THE OFFICIAL NEWSLETTER OF WALSH ELECTRICAL CONTRACTING INC.

Sept 2012

## Recent Certifications

On August 27th, Walsh Electric became certified by the New York City School Construction Authority (NYC SCA) to perform electrical work as a Women-owned Business Enterprises (WBE). Collectively, Walsh Electric is now certified with New York State, as well as the MTA, SCA, DOT, and Port Authority. This further enhances our capabilities and allows us to offer our services to a wider range of clientele. We are very excited as to what the future holds! ⚡

## Recently Completed Projects

As the summer winds down, Walsh Electric has completed some noteworthy projects. In Soho, Walsh Electric completed the new Tiffany and Co. store. At the Bergdorf Goodman buildings, Walsh Electric has completed the Agnona shop, the Christian Dior shop, and the Loro Piana Shop. In addition, Walsh has completed the entire 1st Floor Men's shoe department, the entire 3rd Floor Men's clothing department, as well

as sections of the 3rd and 5th Floor Ladies clothing department.

In 745 5th Avenue, We have completed numerous projects, both for the tenants as well as for the building owner, The Paramount Group. Walsh Electric has also completed a new Starbucks' store on 6th Avenue in New York City. In Staten Island, Walsh Electric completed a new main electrical service for the Reinauer Transportation Group, a leading tugboat operator in NYC. At the Staten Island Mall, We have completed a new AT&T kiosk. These projects mentioned are just a few examples of the quality work our dedicated staff has completed. Our continued success is a direct result of their efforts. ⚡

## Awarded / Ongoing Projects

Walsh Electric is pleased to announce a few select projects we have been awarded. At 745 5th Avenue, Structuretone has awarded Walsh Electric the contract to install a new main electrical service. This will be the 3rd electrical service entering the building. At the Macy's Department Store in Herald Square, Walsh Electric has been awarded the new Burberry Store for Shawmut Design and Construction. The store occupies 3 floors and is expected to be open for Thanksgiving. Walsh Electric has also been awarded a multi-floor, multi-phase renovation and expansion of Discovery Communications New York headquarters. The General Contractor for this project is Sweet Construction. At 50 Broad Street, ACC Construction has awarded Walsh Electric the 9th Floor as well as the 11th Floor build out. In Staten Island, Walsh Electric has been awarded the new Chase Bank on Amboy Road for Franchise Contractors. Walsh Electric is grateful to our existing clients, as well as our new clients, for their continued faith and trust in Walsh Electric. ⚡

## Community Involvement

On July 12, 2012, Ryan Walsh was appointed to the New York City Economic Development Corporation's Industrial Business Advisory Council (NYC EDC IBAC). This council will provide a forum for feedback on NYC's industrial policies and programs including financing, incentives, regulatory mechanisms, and land use. The IBAC will report directly to the

Mayor's office with the hopes to aid in the revitalization, modernization, and preservation of 9 million square feet of under utilized industrial space as well as to aid in the creation of 30,000 jobs.

In addition, Walsh Electric is pleased to announce that they are one of the corporate sponsors of Wagner College's 2012-2013 Football and Basketball Season. A longtime customer of Walsh Electric, as well as the alma mater of Ryan Walsh, Wagner College is one of NYC's premier private colleges. With its picturesque campus and diverse faculty and student body, Wagner College is at the forefront of higher education. Walsh Electric is proud to support the community as well as a leading educational institution. ⚡

# Staff Announcements

The success of a company depends on many factors. The most important factor is a company's employees. Walsh Electric is fortunate to have such a dedicated, hardworking staff that excels in what they do. As a result, the company is growing. This growth has created new positions within the company.

Walsh Electric is pleased to announce the promotion of Mike Acquesta to Project Manager. Mike Acquesta has been with Walsh Electric for 20 years as a field electrician. As the need for a Project Manager arose, the management at Walsh felt it was best to promote from within. We are excited about the new position and look forward to his success.

In addition, Walsh Electric is pleased to announce the hiring of Sandra Morgan as controller. Sandra has over 20 years of experience as a controller. She has worked in different industries, however most recently for a general contractor as well as an electrical contractor. She brings with her various skills including dealing with public agencies, expertise in certified payroll reporting, as well as exceptional ability in the overall operation of construction finance. We welcome her and look forward to her contribution. ⚡
